

Hi,
I'm Mark Champas,

President
of Buckmaster
Office Solutions

Our company has been helping other companies grow their businesses with reliable office technology for over 60 years.

Buckmaster is a local and family-owned company that cares about our clients, employees and community.

Our promise to you is to share our knowledge, provide innovative products and services, and help guide you to the most cost effective and efficient solution to benefit your business.

We've often asked our existing clients, "why do you do business with us". The most common answer is "you guys care about us", or "you're always there when we need you".

Simply put, we take pride in helping our customers, and we deliver on our promises.

The thing is, we're not just here to sell a product or service for the sake of posting another number on the board. Your success means our success and part of that process is partnering with a quality company.

If you're tired of dealing with companies that overpromise, or just don't care about your needs, come join the Buckmaster experience. You'll be glad you did.

You can read about some of our client's experiences with the Buckmaster team, including digital transformations, on our Google Review page.

I would like to personally thank the Owner...!
The way you've implemented your customer service ideals throughout your staff, BRAVO...!
From the first contact with Buckmaster's, until the follow up call after setup and delivery, they have been nothing short of Miraculous...!!!
- Mary Freeman

Excellent customer service.
Fast, friendly, on time.
They do what they say.
Very pleased with the products they offer.
Highly recommend Buckmaster!
- Charles Mollard

We love our new Ricoh copier/printer/scanner in the administrative offices at The Sofia: Home of B Street Theatre!
The team at Buckmaster Office Solutions was so helpful and accommodating as we worked with them to find the right machine to fit our needs and price point.
- Lyndsay Burch

Centrally located in Sacramento, off of Exposition Blvd.
